Introduction

The Water Regulations Assessment is a Theory only Assessment.

Certificate of Competence

A certificate of Competence will be issued if a candidate can meet the scheme requirements. Certificates of Competence will be valid for the time period specified on the certificate.

Candidate Pre-requisites

Should meet the one of the prerequisites for this assessment;

- Holding Existing Qualifications
- Appropriate NVQ Level 3 or BTEC or equivalent. Or,
- Appropriate industry registration scheme: e.g. Gas Safe Register - ACS or OFTEC - 105E or equivalent. Or
- At least two years industry experience of installation of domestic heating and hot water systems currently un-certificated skills equivalent NVQ Level 3. Or,
- At least two years industry experience of design and advice services of domestic heating and hot water systems at NVQ Level 3 or equivalent.

The assessment paperwork consists of:

- Theory question paper; WR01 (2 attempts to achieve the 100% required for a pass).
- Theory answer sheet; TAS.
- Overlay; WR01.

The reference material consists of:

- Water Regulations Guide (not included on the disk)
- The Water Supply (Water Fittings) (England and Wales) Regulations 1999
- The Water Supply (Water Fittings) (Scotland) Byelaws 2014
- The Water Supply (Water Fittings) Regulations (Northern Ireland) 2009
